

PATRICK MORGAN

DESIGN TECHNOLOGY + UI DEVELOPMENT

Experience

Now	Vrooz <i>UI Developer</i>	Los Angeles
	Leading the push to mobile-first, responsive UI development	
	Pairing with lead Javascript dev to transition to ES6 component based architecture within Angular framework	
	Developing a responsive email design workflow using Foundation, Litmus and Gulp	
	Creating UI code guidelines and standards for all Vrooz engineers and contractors	
	Reviewing and managing all UI related pull requests	
2016 2014	American Express <i>Design Technologist / UI Developer</i>	New York
	Prototyped and developed new product features, existing feature overhauls and small enhancements and bug fixes	
	Created a modular, responsive front end architecture to support multiple products on one platform (American Express Serve, Walmart Bluebird + Target Prepaid Redcard)	
	Managed team front end workflow and version control	
	Implemented a Grunt build process and linting tools like jshint and scss-lint	
	Collaborated with designers to create motion and visual design aesthetics that reflect the strengths of web technology	
	Created service blueprints, user journeys and system architecture maps	
	Was the go-to guy for all things related to platform design patterns	
2013 2012	Leo Burnett <i>Junior Brand Strategist</i>	Chicago
	Chosen to work on Fortune 500 brands:	
	Esurance, MillerCoors, Sprint + Fifth Third Bank	
	Synthesized primary and secondary research into actionable design and communication strategies	
	Pitched campaign for Sprint to Leo Burnett USA President	

Education

2014 2013	General Assembly <i>Web Development Immersive Student</i>	New York
	Studied full-stack web development in an intensive bootcamp	
2012 2008	Davidson College <i>BA Political Science, Spanish Minor</i>	North Carolina
